

The Cellular Effect: If You're Not Ready to Leave, Don't Look

By Leticia Ross

Tate Publishing & Enterprises. Paperback. Book Condition: New. Paperback. 128 pages. I have seen men and women send friend requests to another person to find out whatever information they sought out, via Cellphone, MySpace and Facebook. I have witnessed people revealing their whereabouts on Twitter and become the victim of some type of violence. Men were cheating on women, women cheating on men; all done in its inception, by cellphone or online. There is someone who will read this who needs help turning their mischief to a desire for healing. You have to want help to receive it. Do the things that God has called you to do. Do not ask God for anything easy. I asked God for these words when I had no money to purchase a pad or pen. To deal with those unsolicited desires, check those things that are inside of you. Examine yourself, stand in the need of prayer and Jesus will allow you to leave the past and hurt behind and experience the love of God, not the love of your cellphone or any social media network. Come to grips with what you want in life. You will not find it in a text...
