By Eliot Greenspan

FrommerMedia. Paperback. Book Condition: new. BRAND NEW, Frommer's Easyguide to Costa Rica: 2015 (2nd Revised edition), Eliot Greenspan, Costa Rica is a popular, easy-to-reach and inexpensive Central American nation (low-cost airfares there from U.S. gateways) for vacationers wanting nature unspoiled by high rises and such--of which there are none in the touristic areas. Its wildlife, flowers, volcanos, rain forests, beaches and general ecology are fiercely protected by a sensitive and democratic government--and the result is sheer pleasure. Author of our Easy Guide to Costa Rica 2015, Eliot Greenspan, has lived in Costa Rica since 1992, where he both writes, acts as a travel consultant, and operates a tour company to--guess where?--Costa Rica.

This book can be well worth a go through, and a lot better than other. It is written in simple words and phrases and not confusing. It's been printed in an exceptionally simple way in fact it is merely right after I finished reading through this pdf by which basically changed me, modified the way I think.
