Brand New Book ***** Print on Demand *****.This story is about three main characters: Ray, Katy and Tina. They are a team of successful robbers who can deal with stealing any treasure in the world. The special thing about this team of robbers is in the amazing combination of thinking which each team member has. Ray is a big guy who spent several years in army. He began like a navy soldier but failed to obtain the respectful position because of his insubordination. Probably because of it he has the unusual way of thinking; he likes to improvise and solve any problem by powerful methods, like explosion of a wall in a building in order to steal a safe on the third floor. Katy and Tina are birth relatives. To be exact Katy is Tina s mother. Katy tragically lost her husband after 2 years of marriage and right now she has to bring up Tina by her own. Katy is analyst; she likes to plan everything beforehand, every move and every action. Moreover Katy has the amazing deductive way of thinking; she is pretty sure that each action has the consequences which can be controlled and planned before making an action. We can t say that Tina is a good child. She is addicted with different types of mechanics, cars, weapons, electronics and gadgets. She has her own opinion on everything and almost can t be controlled. This fact means that she bears a resemblance with her father instead of mother. Tina and her father used to spend days in workshop. Probably because of it she is expert in everything, connected with electronics.
