Salvation Pack, Book 1 When Gwendolyn Jones inherits a Tennessee cabin from a great aunt she never knew, she quits her job and follows her dream to write full time. Meeting a stranger in a local cemetery isn t a risk she normally takes, but she needs the information on his flash drive for an article she s writing on werewolves. Later that night, when two honest-to-God werewolves come knocking on her cabin door, they re definitely not Photoshopped. Jacque LaForge is on a mission to retrieve a flash drive before it endangers his pack. He never thought he d find a mate, but the chemistry between him and Gwen is unmistakably off the charts. Now to convince her he s only trying to protect her from his vengeful former pack-led by his own father. Gwen s first instinct to flee only gets her a smashed car and a concussion. She wakes up in a dangerous new world she never thought existed-and in the arms of the one man who stands between her and certain death. Warning: Contains a sexy werewolf and his small pack of friends, a paranormal writer who really didn t believe such things existed-until now-and a completely dysfunctional family who are out to kill them both.
